#### **SUBSTANTIVE ALLEGATIONS**

### Materially False and Misleading Statements <u>Issued During the Class Period</u>

19. On May 8, 2020, Ocugen filed with the SEC its quarterly report on Form 10-Q for the period ending March 31, 2020 (the "1Q20 Report"). Attached to the 1Q20 Report were certifications pursuant to the Sarbanes-Oxley Act of 2002 ("SOX") signed by Defendants Musunuri and Subramanian attesting to the accuracy of financial reporting, the disclosure of any material changes to the Company's internal control over financial reporting and the disclosure of

all fraud.

20. The 1Q20 Report contained the following statement regarding the Company's internal controls:

We have carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) (the "Exchange Act"), as of March 31, 2020. Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures are effective in ensuring that (a) the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and (b) such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

- 21. The statement in  $\P$  20 was materially false and misleading at the time it was made because the Company lacked adequate internal controls, as the Company had materially misstated its financial results for the quarter.
  - 22. The 1Q20 Report contained the following financial statements:

  - 25. The 2Q20 Report contained the following statement regarding the Company's

#### internal controls:

We have carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) (the "Exchange Act"), as of June 30, 2020. Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures are effective in ensuring that (a) the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and (b) such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

- 33. The financial statements provided in  $\P$  32 were materially false and misleading, as the Company later admitted that they could not be relied on.
- 34. On March 19, 2021, Ocugen filed with the SEC its 2020 Annual Report on Form 10-K for the year ended December 31, 2020 (the "2020 Annual Report"). Attached to the 2020 Annual Report were certifications pursuant to SOX signed by Defendants Musunuri and Subramanian attesting to the accuracy of financial reporting, the disclosure of any material changes to the Company's internal control over financial reporting and the disclosure of all fraud.
- 35. The 2020 Annual Report contained the following statement regarding the Company's internal controls:

We have carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of December 31, 2020. Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures are effective in ensuring that (a) the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and (b) such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

- 36. The statement in ¶ 35 was materially false and misleading at the time it was made because the Company lacked adequate internal controls, as the Company had materially misstated its financial results for the 2020 fiscal year.

- 59. On May 6, 2022, Ocugen filed with the SEC its quarterly report on Form 10-Q for the period ending March 31, 2022 (the "1Q22 Report"). Attached to the 1Q22 Report were certifications pursuant to SOX signed by Defendants Musunuri and Crespo attesting to the

accuracy of financial reporting, the disclosure of any material changes to the Company's internal control over financial reporting and the disclosure of all fraud.

60. The 1Q22 Report contained the following statement regarding the Company's internal controls:

We have carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of March 31, 2022. Based upon that evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures are effective in ensuring that (a) the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and (b) such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

- 61. The statement in ¶ 60 was materially false and misleading at the time it was made because the Company lacked adequate internal controls, as the Company had materially misstated its financial results for the quarter.

- 68. The financial statements provided in  $\P$  67 were materially false and misleading, as the Company later admitted that they could not be relied on.
- 69. On November 8, 2022, Ocugen filed with the SEC its quarterly report on Form 10-Q for the period ending September 30, 2022 (the "3Q22 Report"). Attached to the 3Q22 Report were certifications pursuant to the Sarbanes-Oxley Act of 2002 ("SOX") signed by Defendants Musunuri and Crespo attesting to the accuracy of financial reporting, the disclosure of any material changes to the Company's internal control over financial reporting and the disclosure of all fraud.
- 70. The 3Q22 Report contained the following statement regarding the Company's internal controls:

We have carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of September 30, 2022. Based upon this evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures are effective in ensuring that (a) the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and (b) such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

- 71. The statement in ¶ 70 was materially false and misleading at the time it was made because the Company lacked adequate internal controls, as the Company had materially misstated its financial results for the quarter.

- 78. The financial statements provided in  $\P$  77 were materially false and misleading, as the Company later admitted that they could not be relied on.
- 79. On May 5, 2023, Ocugen filed with the SEC its quarterly report on Form 10-Q for the period ending March 31, 2023 (the "1Q23 Report"). Attached to the 1Q23 Report were certifications pursuant to SOX signed by Defendants Musunuri and Vu attesting to the accuracy of financial reporting, the disclosure of any material changes to the Company's internal control over financial reporting and the disclosure of all fraud.
- 80. The 1Q23 Report contained the following statement regarding the Company's internal controls:

We have carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act), as of March 31, 2023. Based upon this evaluation, our principal executive officer and principal financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures are effective in ensuring that (a) the information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and (b) such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosures. In designing and evaluating our disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

- 81. The statement in ¶ 80 was materially false and misleading at the time it was made because the Company lacked adequate internal controls, as the Company had materially misstated its financial results for the quarter.

- 93. The financial statements provided in  $\P$  92 were materially false and misleading, as the Company later admitted that they could not be relied on.
- 94. The statements contained in ¶¶ 20, 22, 25, 27, 30, 32, 35, 37, 42, 45, 47, 50, 52, 55, 57, 60, 62, 65, 67, 70, 72, 75, 77, 80, 82, 85, 87, 90 and 92 were materially false and/or misleading because they misrepresented and failed to disclose the following adverse facts pertaining to the Company's business, operations, and prospects, which were known to Defendants or recklessly disregarded by them. Specifically, Defendants made false and/or misleading statements and/or failed to disclose that: (1) Ocugen's financial statements from May 8, 2020 to the present were

materially misstated; (2) Ocugen did not have adequate internal controls; and (3) as a result, Defendants' statements about its business, operations, and prospects, were materially false and misleading and/or lacked a reasonable basis at all times.

#### THE TRUTH EMERGES

95. On April 1, 2024, after the market closed, Ocugen filed with the SEC a current report on Form 8-K (the "Restatement Announcement"). The Restatement Announcement stated the following:

In connection with the preparation of the financial statements of Ocugen, Inc. (the "Company") for the year ended December 31, 2023, the Company, in consultation with its independent registered public accounting firm, Ernst & Young LLP ("EY"), identified certain accounting errors related to the application of U.S. GAAP to certain agreements with one of its business partners related to a collaboration agreement.

On April 1, 2024, the Audit Committee of the Board of Directors (the "Audit Committee"), based on the recommendation of management and after consultation with EY, concluded that the Company's previously-issued audited consolidated financial statements for each fiscal year beginning January 1, 2020 and its previously-issued unaudited interim condensed consolidated financial statements for each of the first three quarters in such years, as well as the associated earnings releases and investor presentations or other communications describing such financial statements, were materially misstated and, accordingly, should no longer be relied upon.

The Company intends to restate its consolidated financial statements as of and for the year ended December 31, 2022, in connection with the filing of its 2023 Form 10-K. Similarly, the Company will include restated unaudited financial information for each of the first three quarters of 2023 and 2022 in its 2023 Form 10-K (each such annual and quarterly period to be restated, a "Restated Period").

The identified errors in each of the Restated Periods relate to the Company's accounting for the estimated costs in one of its collaboration arrangements. These identified errors will result in a restatement of the following financial statement line item captions: Collaborative arrangement revenue, Research and development expenses, Other income (expense), net and Accrued expenses and other current liabilities.

The Company is currently not in a position to provide a reasonable estimate of the anticipated changes in its results of operations for the year ended December 31, 2023, for any Restated Period. However, the Company does not expect the errors to result in any impact on its cash position, cash runway, or financial projections.

Additionally, the Company has determined that the errors resulted from the existence of a material weakness in its internal control over financial reporting that also existed during the Restated Periods and that its internal control over financial reporting was not effective as of December 31, 2023. As a result, the Company's Chief Executive Officer and Chief Accounting Officer have concluded that the Company's disclosure controls and procedures were not effective as of December 31, 2023.

On April 1, 2024, the Company filed a notification of inability to timely file Form 10-K on Form 12b-25 due to additional time required for the Company to correct the errors described above and prepare restated financial statements. At this time, the Company expects to file the 2023 Form 10-K no later than April 16, 2024. However, there can be no assurance that the Company will be able to prepare restated financial statements and file the 2023 Form 10-K on the timeline anticipated, or that no additional errors will be identified.

(Emphasis added).

96. As mentioned above in the Restatement announcement, after market hours on April 1, 2024, the Company filed with the SEC a Notification of Late Filing on Form 12b-25. It stated, in pertinent part, the following:

In connection with the preparation of the financial statements of the Company for the year ended December 31, 2023, the Company identified certain accounting errors relating to the application of U.S. GAAP to certain agreements with one of its business partners related to a collaboration agreement. As a result, the Company intends to restate its financial statements for the year ended December 31, 2022 and for each of the first three quarters of 2022 and 2023 in the 2023 Form 10-K, the review and preparation of which is currently ongoing. Given the scope of the process to prepare the restatements and related disclosures, the Company requires additional time to prepare and review its financial statements and other disclosures in its 2023 Form 10-K. Therefore, the Company is unable to complete and file the 2023 Form 10-K by the required due date of April 1, 2024.

- 97. On this news, Ocugen's stock fell \$0.16 per share, or 10.38%, to close at \$1.38 per share on April 2, 2024, damaging investors.
- 98. As a result of Defendants' wrongful acts and omissions, and the precipitous decline in the market value of the Company's common shares, Plaintiff and the other Class members have suffered significant losses and damages.

#### PLAINTIFF'S CLASS ACTION ALLEGATIONS

- 99. Plaintiff brings this action as a class action pursuant to Federal Rule of Civil Procedure 23(a) and (b)(3) on behalf of a class consisting of all persons other than defendants who acquired Ocugen securities publicly traded on the NASDAQ during the Class Period, and who were damaged thereby (the "Class"). Excluded from the Class are Defendants, the officers and directors of the Company, members of the Individual Defendants' immediate families and their legal representatives, heirs, successors or assigns and any entity in which Defendants have or had a controlling interest.
- 100. The members of the Class are so numerous that joinder of all members is impracticable. Throughout the Class Period, the Company's securities were actively traded on the NASDAQ. While the exact number of Class members is unknown to Plaintiff at this time and can be ascertained only through appropriate discovery, Plaintiff believes that there are hundreds, if not thousands of members in the proposed Class.
- 101. Plaintiff's claims are typical of the claims of the members of the Class as all members of the Class are similarly affected by Defendants' wrongful conduct in violation of federal law that is complained of herein.
- 102. Plaintiff will fairly and adequately protect the interests of the members of the Class and has retained counsel competent and experienced in class and securities litigation. Plaintiff has no interests antagonistic to or in conflict with those of the Class.
- 103. Common questions of law and fact exist as to all members of the Class and predominate over any questions solely affecting individual members of the Class. Among the questions of law and fact common to the Class are:
  - whether the Exchange Act was violated by Defendants' acts as alleged herein;

- whether statements made by Defendants to the investing public during the Class
   Period misrepresented material facts about the business and financial condition of the Company;
- whether Defendants' public statements to the investing public during the Class

  Period omitted material facts necessary to make the statements made, in light of
  the circumstances under which they were made, not misleading;
- whether the Defendants caused the Company to issue false and misleading filings during the Class Period;
- whether Defendants acted knowingly or recklessly in issuing false filings;
- whether the prices of the Company's securities during the Class Period were artificially inflated because of the Defendants' conduct complained of herein; and
- whether the members of the Class have sustained damages and, if so, what is the proper measure of damages.
- 104. A class action is superior to all other available methods for the fair and efficient adjudication of this controversy since joinder of all members is impracticable. Furthermore, as the damages suffered by individual Class members may be relatively small, the expense and burden of individual litigation make it impossible for members of the Class to individually redress the wrongs done to them. There will be no difficulty in the management of this action as a class action.
- 105. Plaintiff will rely, in part, upon the presumption of reliance established by the fraud-on-the-market doctrine in that:
  - the Company's securities met the requirements for listing, and were listed and actively traded on the NASDAQ, an efficient market;

- as a public issuer, the Company filed public reports;
- the Company communicated with public investors via established market communication mechanisms, including through the regular dissemination of press releases via major newswire services and through other wide-ranging public disclosures, such as communications with the financial press and other similar reporting services;
- the Company's securities were liquid and traded with moderate to heavy volume during the Class Period; and
- the Company was followed by a number of securities analysts employed by major brokerage firms who wrote reports that were widely distributed and publicly available.
- 106. Based on the foregoing, the market for the Company securities promptly digested current information regarding the Company from all publicly available sources and reflected such information in the prices of the common units, and Plaintiff and the members of the Class are entitled to a presumption of reliance upon the integrity of the market.
- 107. Alternatively, Plaintiff and the members of the Class are entitled to the presumption of reliance established by the Supreme Court in *Affiliated Ute Citizens of the State of Utah v. United States*, 406 U.S. 128 (1972), as Defendants omitted material information in their Class Period statements in violation of a duty to disclose such information as detailed above.

## For Violations of Section 10(b) And Rule 10b-5 Promulgated Thereunder <u>Against All Defendants</u>

108. Plaintiff repeats and realleges each and every allegation contained above as if fully set forth herein.

- 109. This Count asserted against Defendants is based upon Section 10(b) of the Exchange Act, 15 U.S.C. § 78j(b), and Rule 10b-5 promulgated thereunder by the SEC.
- 110. During the Class Period, Defendants, individually and in concert, directly or indirectly, disseminated or approved the false statements specified above, which they knew or deliberately disregarded were misleading in that they contained misrepresentations and failed to disclose material facts necessary in order to make the statements made, in light of the circumstances under which they were made, not misleading.
  - 111. Defendants violated §10(b) of the 1934 Act and Rule 10b-5 in that they:
    - employed devices, schemes and artifices to defraud;
    - made untrue statements of material facts or omitted to state material facts
       necessary in order to make the statements made, in light of the
       circumstances under which they were made, not misleading; or
    - engaged in acts, practices and a course of business that operated as a fraud
      or deceit upon plaintiff and others similarly situated in connection with their
      purchases of the Company's securities during the Class Period.
- 112. Defendants acted with scienter in that they knew that the public documents and statements issued or disseminated in the name of the Company were materially false and misleading; knew that such statements or documents would be issued or disseminated to the investing public; and knowingly and substantially participated, or acquiesced in the issuance or dissemination of such statements or documents as primary violations of the securities laws. These defendants by virtue of their receipt of information reflecting the true facts of the Company, their control over, and/or receipt and/or modification of the Company's allegedly materially misleading statements, and/or their associations with the Company which made them privy to confidential

proprietary information concerning the Company, participated in the fraudulent scheme alleged herein.

- 113. Individual Defendants, who are or were senior executives and/or directors of the Company, had actual knowledge of the material omissions and/or the falsity of the material statements set forth above, and intended to deceive Plaintiff and the other members of the Class, or, in the alternative, acted with reckless disregard for the truth when they failed to ascertain and disclose the true facts in the statements made by them or other Company's personnel to members of the investing public, including Plaintiff and the Class.
- 114. As a result of the foregoing, the market price of the Company's securities was artificially inflated during the Class Period. In ignorance of the falsity of Defendants' statements, Plaintiff and the other members of the Class relied on the statements described above and/or the integrity of the market price of the Company's securities during the Class Period in purchasing the Company's securities at prices that were artificially inflated as a result of Defendants' false and misleading statements.
- 115. Had Plaintiff and the other members of the Class been aware that the market price of the Company's securities had been artificially and falsely inflated by Defendants' misleading statements and by the material adverse information which Defendants did not disclose, they would not have purchased the Company's securities at the artificially inflated prices that they did, or at all.
- 116. As a result of the wrongful conduct alleged herein, Plaintiff and other members of the Class have suffered damages in an amount to be established at trial.
- 117. By reason of the foregoing, Defendants have violated Section 10(b) of the 1934 Act and Rule 10b-5 promulgated thereunder and are liable to the plaintiff and the other members

of the Class for substantial damages which they suffered in connection with their purchase of the Company's securities during the Class Period.

## COUNT II Violations of Section 20(a) of the Exchange Act Against the Individual Defendants

- 118. Plaintiff repeats and realleges each and every allegation contained in the foregoing paragraphs as if fully set forth herein.
- 119. During the Class Period, the Individual Defendants participated in the operation and management of the Company, and conducted and participated, directly and indirectly, in the conduct of the Company's business affairs. Because of their senior positions, they knew the adverse non-public information about the Company's misstatement of revenue and profit and false financial statements.
- 120. As officers of a public business, the Individual Defendants had a duty to disseminate accurate and truthful information with respect to the Company's financial condition and results of operations, and to correct promptly any public statements issued by the Company which had become materially false or misleading.
- 121. Because of their positions of control and authority as senior executives and/or directors, the Individual Defendants were able to, and did, control the contents of the various reports, press releases and public filings which the Company disseminated in the marketplace during the Class Period concerning the Company's results of operations. Throughout the Class Period, the Individual Defendants exercised their power and authority to cause the Company to engage in the wrongful acts complained of herein. The Individual Defendants therefore, were "controlling persons" of the Company within the meaning of Section 20(a) of the Exchange Act.

In this capacity, they participated in the unlawful conduct alleged which artificially inflated the market price of Company securities.

122. By reason of the above conduct, the Individual Defendants are liable pursuant to Section 20(a) of the Exchange Act for the violations committed by the Company.
