CLASS ACTION

COMPLAINT FOR VIOLATIONS  
OF THE FEDERAL SECURITIES  
LAWS

DEMAND FOR JURY TRIAL

Plaintiff \_\_ (“Plaintiff”), individually and on behalf of all others  
similarly situated, by Plaintiff’s undersigned attorneys, for Plaintiff’s complaint  
against Defendants, alleges the following based upon personal knowledge as to  
Plaintiff and Plaintiff’s own acts, and information and belief as to all other matters,  
based upon, *inter alia*, the investigation conducted by and through Plaintiff’s  
attorneys, which included, among other things, a review of the Defendants’ public  
documents, conference calls and announcements made by Defendants, United

1 States (“U.S.”) Securities and Exchange Commission (“SEC”) filings, wire and  
2 press releases published by and regarding TMC the metals company Inc. (“TMC”  
3 or the “Company”), analysts’ reports and advisories about the Company, and  
4 information readily obtainable on the Internet. Plaintiff believes that substantial,  
5 additional evidentiary support will exist for the allegations set forth herein after a  
6 reasonable opportunity for discovery.  
7  
8

### 9 NATURE OF THE ACTION

10 1. This is a federal securities class action on behalf of a class consisting  
11 of all persons and entities other than Defendants that purchased or otherwise  
12 acquired TMC securities between May 12, 2023 and March 25, 2024, both dates  
13 inclusive (the “Class Period”), seeking to recover damages caused by Defendants’  
14 violations of the federal securities laws and to pursue remedies under Sections 10(b)  
15 and 20(a) of the Securities Exchange Act of 1934 (the “Exchange Act”) and Rule  
16 10b-5 promulgated thereunder, against the Company and certain of its top officials.  
17  
18

19 2. TMC is a deep-sea minerals exploration company focused on the  
20 collection, processing, and refining of polymetallic nodules.  
21

22 3. In February 2023, TMC and its wholly owned subsidiary, Nauru  
23 Ocean Resources Inc. (“NORI”), entered into a strategic partnership with Low  
24 Carbon Royalties Inc. (“LCR”) (the “LCR Partnership”). In a press release  
25 discussing the terms of the LCR Partnership, TMC stated, in relevant part, that  
26 “[t]he Company agreed with LCR to a purchase and sale agreement whereby LCR  
27  
28

1 acquired a 2.0% gross overriding royalty on [TMC’s] NORI project area in the  
2 Clarion Clipperton Zone of the Pacific Ocean” and, “[i]n consideration . . . , the  
3 Company received \$5,000,000 cash and an initial 35.0% equity interest in LCR.”  
4

5 4. Throughout the Class Period, Defendants made materially false and  
6 misleading statements regarding the Company’s business, operations, and  
7 compliance policies. Specifically, Defendants made false and/or misleading  
8 statements and/or failed to disclose that: (i) TMC maintained deficient internal  
9 controls over financial reporting; (ii) as a result, the Company inaccurately  
10 classified the sale of future revenue attributable to the LCR Partnership as deferred  
11 income rather than debt; (iii) the foregoing misclassification, when it became  
12 known, would require TMC to restate one or more of its previously issued financial  
13 statements; and (iv) as a result, Defendants’ public statements were materially false  
14 and/or misleading at all relevant times.  
15  
16  
17

18 5. On March 25, 2024, TMC disclosed in a filing with the SEC that the  
19 Company’s financial statements for the first three quarters of 2023 “should be  
20 restated and, accordingly, should no longer be relied upon”, citing the “re-  
21 evaluat[ion of] whether the offsetting entry to the proceeds it received from LCR  
22 should be classified as debt or deferred income.” Further, TMC explained that,  
23 “[a]s the transaction with LCR was considered an equity investment rather than a  
24 sale transaction, the sale of future revenue will be reclassified as Royalty liability”  
25 per appropriate accounting standards.  
26  
27  
28

1 including, but not limited to, the mails, interstate telephone communications, and  
2 the facilities of the national securities markets.

3  
4 **PARTIES**

5 12. Plaintiff, as set forth in the attached Certification, acquired TMC  
6 securities at artificially inflated prices during the Class Period and was damaged  
7 upon the revelation of the alleged corrective disclosures.  
8

9 13. Defendant TMC is a Canadian corporation with principal executive  
10 offices located at 595 Howe Street, 10th Floor, Vancouver, British Columbia,  
11 Canada. TMC's common stock trade in an efficient market on the NASDAQ under  
12 the ticker symbol "TMC".  
13

14 14. Defendant Gerrard Baron ("Baron") has served as the Company's  
15 Chief Executive Officer at all relevant times.  
16

17 15. Defendant Craig Shesky ("Shesky") served as the Company's Chief  
18 Financial Officer at all relevant times.  
19

20 16. Defendants Baron and Shesky are collectively referred to herein as the  
21 "Individual Defendants".  
22

23 17. The Individual Defendants possessed the power and authority to  
24 control the contents of TMC's SEC filings, press releases, and other market  
25 communications. The Individual Defendants were provided with copies of TMC's  
26 SEC filings and press releases alleged herein to be misleading prior to or shortly  
27 after their issuance and had the ability and opportunity to prevent their issuance or  
28

1 to cause them to be corrected. Because of their positions with TMC, and their  
2 access to material information available to them but not to the public, the Individual  
3 Defendants knew that the adverse facts specified herein had not been disclosed to  
4 and were being concealed from the public, and that the positive representations  
5 being made were then materially false and misleading. The Individual Defendants  
6 are liable for the false statements and omissions pleaded herein.  
7  
8

9 18. TMC and the Individual Defendants are collectively referred to herein  
10 as “Defendants”.

1 **Materially False and Misleading Statements Issued During the Class Period**

2 21. The Class Period begins on May 12, 2023, the day after TMC filed,  
3  
4 post-market, a Quarterly Report on Form 10-Q with the SEC, reporting the  
5 Company's financial and operational results for the quarter ended March 31, 2023  
6 (the "Q1 2023 10-Q"). In discussing the Company's strategic partnerships, the Q1  
7  
8 2023 10-Q stated, in relevant part:

9 The Company has accounted for the investment in Low Carbon  
10 Royalties in accordance with ASC 323-10 and has thus applied the  
11 equity method of accounting to this investment. When considering the  
12 royalty liability instrument as well as the embedded repurchase  
13 features, management has elected to account for the royalty liability  
14 under the fair value option in accordance with ASC 825-10.

15 22. Further, with respect to the Company's disclosure controls and  
16 procedures, the Q1 2023 10-Q stated, in relevant part:

24 Exchange Act is accumulated and communicated to management,  
25 including our Chief Executive Officer and Chief Financial Officer, to  
26 allow timely decisions regarding required disclosure. ***Based on the  
27 evaluation of our disclosure controls and procedures, our Chief  
28 Executive Officer and Chief Financial Officer concluded that our

4 all material respects, the financial condition and results of operations of the  
5 Company.”  
6

7  
8           24. On August 14, 2023, TMC filed a Quarterly Report on Form 10-Q with  
9 the SEC, reporting the Company’s financial and operational results for the quarter  
10 ended June 30, 2023 (the “Q2 2023 10-Q”). In discussing the Company’s strategic  
11 partnerships, the Q2 2023 10-Q stated, in relevant part:  
12

3 *Changes in Internal Control over Financial Reporting*

4 There were no changes in our internal control over financial  
5 reporting that occurred during the three months ended June 30,  
6 2023 that have materially affected, or are reasonably likely to  
7 materially affect, our internal control over financial reporting.

8 26. Appended to the Q2 2023 10-Q as an exhibit was a signed certification

12 27. On November 9, 2023, TMC filed a Quarterly Report on Form 10-Q  
13 with the SEC, reporting the Company’s financial and operational results for the  
14 quarter ended September 30, 2023 (the “Q3 2023 10-Q”). In discussing the

### ***Changes in Internal Control over Financial Reporting***

11 There were no changes in our internal control over financial  
12 reporting that occurred during the three months ended September  
13 30, 2023 that have materially affected, or are reasonably likely  
14 to materially affect, our internal control over financial reporting.

15 29. Appended to the Q3 2023 10-Q as an exhibit was a signed certification  
16 pursuant to SOX by the Individual Defendants, attesting that “the information  
17 contained in the [Q3 2023 10-Q] fairly presents, in all material respects, the  
18 financial condition and results of operations of the Company.”

19 30. The statements referenced in ¶¶ 21-29 were materially false and  
20 misleading because Defendants made false and/or misleading statements, as well as  
21 failed to disclose material adverse facts about the Company’s business, operations,  
22 and compliance policies. Specifically, Defendants made false and/or misleading  
23 statements and/or failed to disclose that: (i) TMC maintained deficient internal  
24 controls over financial reporting; (ii) as a result, the Company inaccurately  
25 classified the sale of future revenue attributable to the LCR Partnership as deferred  
26 income rather than debt; (iii) the foregoing misclassification, when it became  
27  
28

1 known, would require TMC to restate one or more of its previously issued financial  
2 statements; and (iv) as a result, Defendants’ public statements were materially false  
3 and/or misleading at all relevant times.  
4

### 5 **The Truth Emerges**

6 31. On March 25, 2024, TMC disclosed in a filing on Form 8-K with the  
7 SEC that the Company’s financial statements for the first three quarters of 2023  
8 “should be restated and, accordingly, should no longer be relied upon.”  
9 Specifically, TMC stated, in relevant part:  
10

11 (a) On March 22, 2024, the Audit Committee (the “Audit  
12 Committee”) of the Board of Directors (the “Board”) of the Company  
13 and the Board, after discussions with Ernst & Young LLP, the  
14 Company’s independent registered public accounting firm, and the  
15 Company’s legal advisors, concluded that the Company’s previously  
16 issued financial statements (i) for the three months ended March 31,  
17 2023 contained in its Quarterly Report on Form 10-Q for the quarter  
18 ended March 31, 2023 as filed with the Securities and Exchange  
19 Commission (the “SEC”) on May 11, 2023, (ii) the six months ended  
20 June 30, 2023 contained in its Quarterly Report on Form 10-Q for the  
21 quarter ended June 30, 2023 as filed with SEC on August 14, 2023 and  
22 (iii) the nine months ended September 30, 2023 contained in its  
23 Quarterly Report on Form 10-Q for the quarter ended September 30,  
24 2023 as filed with SEC on November 9, 2023 (the “Previous Financial  
25 Statements”) should be restated and, accordingly, should no longer be  
26 relied upon.

27 \*\*\*

28 As will be disclosed in the Company’s Annual Report on Form  
10-K for the year ended December 31, 2023 expected to be filed with  
the SEC on March 25, 2024 (the “2023 Annual Report”) [. . .],  
Quarterly Financial Data (Unaudited) Restatement of Previously Issued  
Financial Statements, to the audited consolidated financial statements  
included in the 2023 Annual Report when available - and as will be

1 discussed on the Company’s conference call for the fourth quarter and  
2 full year ended December 31, 2023 to be held on March 25, 2024, *the*  
3 *right to royalty payments underlying the NORI asset (sale of future*  
4 *revenue) amounting to \$14 million was considered as the transfer*  
5 *(sale) of a non-financial asset in the Previous Financial Statements.*  
6 *In preparing the Previous Financial Statements, the Company*  
7 *derecognized the capitalized exploration contract related to the NORI*  
8 *project amounting to \$0.25 million and recorded the remaining value*  
9 *of the non-financial asset received amounting to \$13.75 million as a*  
10 *gain on disposition. In connection with the preparation of the*  
11 *financial statements for the year ended December 31, 2023 and a re-*  
12 *evaluation of Accounting Standards Codification 470, Debt (“ASC*  
13 *470”), by the Company, the Company concluded that the sale of*  
14 *future revenue falls within the scope of ASC 470 and, as a result, the*  
15 *Company re-evaluated whether the offsetting entry to the proceeds it*  
16 *received from LCR should be classified as debt or deferred income.*  
17 *As the transaction with LCR was considered an equity investment*  
18 *rather than a sale transaction, the sale of future revenue will be*  
19 *reclassified as Royalty liability, as per ASC 470, in the Company’s*  
20 *2023 financial statements for the year ended December 31, 2023 to be*  
21 *included in the 2023 Annual Report. Factors that also influenced this*  
22 *reclassification included the Company’s continued significant*  
23 *involvement in generating future cash flows from operations and the*  
24 *fact that the earnings process implied in this transaction had not been*  
25 *completed. As a result, the Company will restate the Previous*  
26 *Financial Statements in the 2023 Annual Report.*

19 32. On this news, TMC’s stock price fell \$0.205 per share, or 13.23%, to  
20 close at \$1.345 per share on March 26, 2024.

22 33. As a result of Defendants’ wrongful acts and omissions, and the  
23 precipitous decline in the market value of the Company’s securities, Plaintiff and  
24 other Class members have suffered significant losses and damages.

1 Plaintiff believes that there are hundreds or thousands of members in the proposed  
2 Class. Record owners and other members of the Class may be identified from  
3 records maintained by TMC or its transfer agent and may be notified of the  
4 pendency of this action by mail, using the form of notice similar to that customarily  
5 used in securities class actions.  
6

7  
8 37. Plaintiff's claims are typical of the claims of the members of the Class  
9 as all members of the Class are similarly affected by Defendants' wrongful conduct  
10 in violation of federal law that is complained of herein.  
11

12 38. Plaintiff will fairly and adequately protect the interests of the members  
13 of the Class and has retained counsel competent and experienced in class and  
14 securities litigation. Plaintiff has no interests antagonistic to or in conflict with  
15 those of the Class.  
16

17 39. Common questions of law and fact exist as to all members of the Class  
18 and predominate over any questions solely affecting individual members of the  
19 Class. Among the questions of law and fact common to the Class are:  
20

- 21 • whether the federal securities laws were violated by Defendants' acts  
22 as alleged herein;
- 23 • whether statements made by Defendants to the investing public  
24 during the Class Period misrepresented material facts about the  
25 business, operations and management of TMC;
- 26 • whether the Individual Defendants caused TMC to issue false and  
27 misleading financial statements during the Class Period;  
28

- 1           • whether Defendants acted knowingly or recklessly in issuing false  
2           and misleading financial statements;
- 3           • whether the prices of TMC securities during the Class Period were  
4           artificially inflated because of the Defendants' conduct complained  
5           of herein; and
- 6           • whether the members of the Class have sustained damages and, if so,  
7           what is the proper measure of damages.

8           40. A class action is superior to all other available methods for the fair and  
9           efficient adjudication of this controversy since joinder of all members is  
10          impracticable. Furthermore, as the damages suffered by individual Class members  
11          may be relatively small, the expense and burden of individual litigation make it  
12          impossible for members of the Class to individually redress the wrongs done to  
13          them. There will be no difficulty in the management of this action as a class action.

14          41. Plaintiff will rely, in part, upon the presumption of reliance established  
15          by the fraud-on-the-market doctrine in that:

- 16          • Defendants made public misrepresentations or failed to disclose  
17          material facts during the Class Period;
- 18          • the omissions and misrepresentations were material;
- 19          • TMC securities are traded in an efficient market;
- 20          • the Company's shares were liquid and traded with moderate to heavy  
21          volume during the Class Period;
- 22          • the Company traded on the NASDAQ and was covered by multiple  
23          analysts;

- the misrepresentations and omissions alleged would tend to induce a reasonable investor to misjudge the value of the Company's securities; and
- Plaintiff and members of the Class purchased, acquired and/or sold TMC securities between the time the Defendants failed to disclose or misrepresented material facts and the time the true facts were disclosed, without knowledge of the omitted or misrepresented facts.

42. Based upon the foregoing, Plaintiff and the members of the Class are entitled to a presumption of reliance upon the integrity of the market.

43. Alternatively, Plaintiff and the members of the Class are entitled to the presumption of reliance established by the Supreme Court in *Affiliated Ute Citizens of the State of Utah v. United States*, 406 U.S. 128, 92 S. Ct. 2430 (1972), as Defendants omitted material information in their Class Period statements in violation of a duty to disclose such information, as detailed above.

**COUNT I**

**(Violations of Section 10(b) of the Exchange Act and Rule 10b-5 Promulgated Thereunder Against All Defendants)**

44. Plaintiff repeats and re-alleges each and every allegation contained above as if fully set forth herein.

45. This Count is asserted against Defendants and is based upon Section 10(b) of the Exchange Act, 15 U.S.C. § 78j(b), and Rule 10b-5 promulgated thereunder by the SEC.

46. During the Class Period, Defendants engaged in a plan, scheme, conspiracy and course of conduct, pursuant to which they knowingly or recklessly

1 engaged in acts, transactions, practices and courses of business which operated as a  
2 fraud and deceit upon Plaintiff and the other members of the Class; made various  
3 untrue statements of material facts and omitted to state material facts necessary in  
4 order to make the statements made, in light of the circumstances under which they  
5 were made, not misleading; and employed devices, schemes and artifices to defraud  
6  
7 in connection with the purchase and sale of securities. Such scheme was intended  
8 to, and, throughout the Class Period, did: (i) deceive the investing public, including  
9 Plaintiff and other Class members, as alleged herein; (ii) artificially inflate and  
10 maintain the market price of TMC securities; and (iii) cause Plaintiff and other  
11 members of the Class to purchase or otherwise acquire TMC securities and options  
12 at artificially inflated prices. In furtherance of this unlawful scheme, plan and  
13 course of conduct, Defendants, and each of them, took the actions set forth herein.  
14  
15

16  
17 47. Pursuant to the above plan, scheme, conspiracy and course of conduct,  
18 each of the Defendants participated directly or indirectly in the preparation and/or  
19 issuance of the quarterly and annual reports, SEC filings, press releases and other  
20 statements and documents described above, including statements made to securities  
21 analysts and the media that were designed to influence the market for TMC  
22 securities. Such reports, filings, releases and statements were materially false and  
23 misleading in that they failed to disclose material adverse information and  
24 misrepresented the truth about TMC's finances and business prospects.  
25  
26  
27  
28

1           48. By virtue of their positions at TMC, Defendants had actual  
2 knowledge of the materially false and misleading statements and material omissions  
3 alleged herein and intended thereby to deceive Plaintiff and the other members of  
4 the Class, or, in the alternative, Defendants acted with reckless disregard for the  
5 truth in that they failed or refused to ascertain and disclose such facts as would  
6 reveal the materially false and misleading nature of the statements made, although  
7 such facts were readily available to Defendants. Said acts and omissions of  
8 Defendants were committed willfully or with reckless disregard for the truth. In  
9 addition, each Defendant knew or recklessly disregarded that material facts were  
10 being misrepresented or omitted as described above.

14           49. Information showing that Defendants acted knowingly or with reckless  
15 disregard for the truth is peculiarly within Defendants' knowledge and control. As  
16 the senior managers and/or directors of TMC, the Individual Defendants had  
17 knowledge of the details of TMC's internal affairs.

20           50. The Individual Defendants are liable both directly and indirectly for  
21 the wrongs complained of herein. Because of their positions of control and  
22 authority, the Individual Defendants were able to and did, directly or indirectly,  
23 control the content of the statements of TMC. As officers and/or directors of a  
24 publicly-held company, the Individual Defendants had a duty to disseminate timely,  
25 accurate, and truthful information with respect to TMC's businesses, operations,  
26 future financial condition and future prospects. As a result of the dissemination of  
27  
28

1 the aforementioned false and misleading reports, releases and public statements, the  
2 market price of TMC securities was artificially inflated throughout the Class Period.

3  
4 In ignorance of the adverse facts concerning TMC's business and financial  
5 condition which were concealed by Defendants, Plaintiff and the other members of  
6 the Class purchased or otherwise acquired TMC securities at artificially inflated  
7 prices and relied upon the price of the securities, the integrity of the market for the  
8 securities and/or upon statements disseminated by Defendants, and were damaged  
9 thereby.  
10

11  
12 51. During the Class Period, TMC securities were traded on an active and  
13 efficient market. Plaintiff and the other members of the Class, relying on the  
14 materially false and misleading statements described herein, which the Defendants  
15 made, issued or caused to be disseminated, or relying upon the integrity of the  
16 market, purchased or otherwise acquired shares of TMC securities at prices  
17 artificially inflated by Defendants' wrongful conduct. Had Plaintiff and the other  
18 members of the Class known the truth, they would not have purchased or otherwise  
19 acquired said securities, or would not have purchased or otherwise acquired them  
20 at the inflated prices that were paid. At the time of the purchases and/or acquisitions  
21 by Plaintiff and the Class, the true value of TMC securities was substantially lower  
22 than the prices paid by Plaintiff and the other members of the Class. The market  
23 price of TMC securities declined sharply upon public disclosure of the facts alleged  
24 herein to the injury of Plaintiff and Class members.  
25  
26  
27  
28

1 promptly any public statements issued by TMC which had become materially false  
2 or misleading.

3  
4 57. Because of their positions of control and authority as senior officers,  
5 the Individual Defendants were able to, and did, control the contents of the various  
6 reports, press releases and public filings which TMC disseminated in the  
7 marketplace during the Class Period concerning TMC's results of operations.  
8 Throughout the Class Period, the Individual Defendants exercised their power and  
9 authority to cause TMC to engage in the wrongful acts complained of herein. The  
10 Individual Defendants, therefore, were "controlling persons" of TMC within the  
11 meaning of Section 20(a) of the Exchange Act. In this capacity, they participated  
12 in the unlawful conduct alleged which artificially inflated the market price of TMC  
13 securities.  
14  
15  
16

17 58. Each of the Individual Defendants, therefore, acted as a controlling  
18 person of TMC. By reason of their senior management positions and/or being  
19 directors of TMC, each of the Individual Defendants had the power to direct the  
20 actions of, and exercised the same to cause, TMC to engage in the unlawful acts  
21 and conduct complained of herein. Each of the Individual Defendants exercised  
22 control over the general operations of TMC and possessed the power to control the  
23 specific activities which comprise the primary violations about which Plaintiff and  
24 the other members of the Class complain.
