**CLASS ACTION COMPLAINT
FOR VIOLATIONS OF THE
FEDERAL SECURITIES LAWS**

CLASS ACTION

JURY TRIAL DEMANDED

1 Plaintiff __ (“Plaintiff”), individually and on behalf of all other
2 persons similarly situated, by Plaintiff’s undersigned attorneys, for Plaintiff’s
3 complaint against Defendants (defined below), alleges the following based upon
4 personal knowledge as to Plaintiff and Plaintiff’s own acts, and information and
5 belief as to all other matters, based upon, among other things, the investigation
6 conducted by and through Plaintiff’s attorneys, which included, among other
7 things, a review of the Defendants’ public documents, public filings, wire and press
8 releases published by and regarding Sable Offshore Corp. (“Sable Offshore” or the
9 “Company”), and information readily obtainable on the Internet. Plaintiff believes
10 that substantial evidentiary support will exist for the allegations set forth herein
11 after a reasonable opportunity for discovery. ¹

12 **NATURE OF THE ACTION**

13 1. This is a class action on behalf of persons or entities who purchased
14 or otherwise acquired publicly traded Sable Offshore securities between May 19,
15 2025 and June 3, 2025, inclusive (the “Class Period”), and/or pursuant and/or
16 traceable to the Company’s May 21, 2025 secondary public offering (the “SPO”).
17 Plaintiff seeks to recover compensable damages caused by Defendants’ violations
18 of the federal securities laws under the Securities Act of 1933 and the Securities
19 Exchange Act of 1934 (the “Exchange Act”).
20
21
22
23
24
25
26

27 _____
28 ¹ Unless otherwise specified, all emphasis is added.

1 States mails, interstate telephone communications and the facilities of the national
2 securities exchange.

3
4 **PARTIES**

5 8. Plaintiff, as set forth in the accompanying certification, incorporated
6 by reference herein, purchased Sable Offshore securities during the Class Period
7 and/or pursuant and/or traceable to the SPO (defined below) and was economically
8 damaged thereby.

9
10 9. Pertinent to this complaint, Defendant Sable Offshore operates in the
11 offshore drilling business, and seeks to extract oil from the Santa Ynez field in
12 federal waters off the Coast of California. Pertinent to those activities is an offshore
13 facility owned by Defendants at Las Flores Canyon in Santa Barbara County,
14 California.

15
16
17 10. As alluded to below, Sable Offshore's efforts to restart production
18 have been marred by litigation, amid accusations that the Company has violated
19 the California Coastal Act (the "Coastal Act"), resulting in environmental harm.

20
21 11. Sable Offshore Corp. is incorporated in Delaware and its principal
22 executive offices are located at 845 Texas Avenue, Suite 2920, Houston, Texas
23 77002.

24
25 12. Sable Offshore's common stock trades on the New York Stock
26 Exchange (the "NYSE") under the ticker symbol "SOC".
27
28

1 13. Defendant James C. Flores (“Flores”) served as the Company’s Chief
2 Executive Officer (“CEO”) and Chairman of the Board of Directors (the “Board”)
3 at all relevant times.
4

5 14. Defendant Gregory D. Patrinely (“Patrinely”) served as the
6 Company’s Chief Financial Officer (“CFO”) at all relevant times.
7

8 15. Defendants Flores and Patrinely are collectively referred to herein as
9 the “Individual Defendants.”

10 16. Each of the Individual Defendants:

11 (a) directly participated in the management of the Company;

12 (b) was directly involved in the day-to-day operations of the Company at
13 the highest levels;
14

15 (c) was privy to confidential proprietary information concerning the
16 Company and its business and operations;
17

18 (d) was directly or indirectly involved in drafting, producing, reviewing
19 and/or disseminating the false and misleading statements and information
20 alleged herein;
21

22 (e) was directly or indirectly involved in the oversight or implementation
23 of the Company’s internal controls;
24

25 (f) was aware of or recklessly disregarded the fact that the false and
26 misleading statements were being issued concerning the Company; and/or
27
28

1 (g) approved or ratified these statements in violation of the federal
2 securities laws.

3 17. The Company is liable for the acts of the Individual Defendants and
4 its employees under the doctrine of *respondeat superior* and common law
5 principles of agency because all of the wrongful acts complained of herein were
6 carried out within the scope of their employment.
7

8 18. The scienter of the Individual Defendants and other employees and
9 agents of the Company is similarly imputed to Sable Offshore Corp. under
10 *respondeat superior* and agency principles.
11

12 19. Defendant J.P. Morgan Securities LLC (“J.P. Morgan”) is an
13 investment banking firm that acted as an underwriter for the SPO, helping to draft
14 and disseminate the SPO documents. J.P. Morgan, along with Jefferies and TD
15 Cowen (defined below) acted as a joint book-running manager. J.P. Morgan’s
16 address is 383 Madison Avenue, New York, New York 10179.
17

18 20. Defendant Jefferies LLC (“Jefferies”) is an investment banking firm
19 that acted as an underwriter for the SPO, helping to draft and disseminate the IPO
20 documents. Jefferies’ address is 520 Madison Avenue, New York, New York
21 10022.
22

23 21. Defendant TD Securities (USA) LLC (“TD Cowen”) is an investment
24 banking firm that acted as an underwriter for the SPO, helping to draft and
25
26
27
28

1 disseminate the IPO documents. TD Cowen’s address is One Vanderbilt Avenue,
2 New York, New York 10017.

3
4 22. Defendant The Benchmark Company, LLC (“Benchmark”) is an
5 investment banking firm that acted as an underwriter for the SPO, helping to draft
6 and disseminate the IPO documents. Benchmark’s address is 150 East 58th Street,
7
8 17th Floor, New York, NY 10155.

9 23. Defendant Johnson Rice & Company, L.L.C. (“Johnson Rice”) is an
10 investment banking firm that acted as an underwriter for the Company’s SPO,
11
12 helping to draft and disseminate the SPO documents. Johnson Rice’s address is
13 639 Loyola Avenue, Suite 2775, New Orleans, Louisiana 70113-7105.

14
15 24. Defendant PEP Advisory LLC (“Pickering Energy Partners”) is an
16 investment banking firm that acted as an underwriter for the SPO, helping to draft
17 and disseminate the SPO documents. Pickering Energy Partners’ address is 100
18
19 Waugh Drive, Suite 600, Houston, TX 77007.

20 25. Defendant Roth Capital Partners, LLC (“Roth Capital Partners”) is an
21 investment banking firm that acted as an underwriter for the SPO, helping to draft
22 and disseminate the SPO documents. Roth Capital Partners’ address is 888 San
23
24 Clemente Suite 400, Newport Beach, California 92660.

25
26 26. Defendant Tuohy Brothers Investment Research, Inc. (“Tuohy
27
28 Brothers”) is an investment banking firm that acted as an underwriter for the SPO,

1 helping to draft and disseminate the SPO documents. Tuohy Brothers' address is
2 641 Lexington Avenue, 15 Flr., New York, NY 10022.

3 27. The Defendants named in ¶¶ 19-26 are sometimes referred to herein
4 as the as the "Underwriter Defendants."

5
6 28. Pursuant to the Securities Act the Underwriter Defendants are liable
7 for the false and misleading statements in the Prospectus as follows:
8

9 (a) Underwriter Defendants are investment banking houses that
10 specialize in, among other things, underwriting public offerings of securities. They
11 served as the underwriters of the SPO and shared millions of dollars in fees
12 collectively. The Underwriter Defendants arranged a roadshow prior to the SPO
13 during which they, and representatives from Sable Offshore, met with potential
14 investors and presented highly favorable information about the Company, its
15 operations and its financial prospects.
16
17

18 (b) The Underwriter Defendants also demanded and obtained an
19 agreement from Sable Offshore and the Individual Defendants that Sable Offshore
20 would indemnify and hold the Underwriter Defendants harmless from any liability
21 under the federal securities laws.
22
23

24 (c) Representatives of the Underwriter Defendants also assisted Sable
25 Offshore and the Individual Defendants in planning the SPO, and purportedly
26 conducted an adequate and reasonable investigation into the business and
27
28

1 operations of Sable Offshore, an undertaking known as a “due diligence”
2 investigation. The due diligence investigation was required of the Underwriter
3 Defendants in order to engage in the SPO. During the course of their “due
4 diligence,” the Underwriter Defendants had continual access to internal,
5 confidential, current corporate information concerning the Company’s most up-to-
6 date operational and financial results and prospects.
7
8

9 (d) In addition to availing themselves of virtually unlimited access to
10 internal corporate documents, agents of the Underwriter Defendants met with
11 Sable Offshore’s lawyers, management and top executives and engaged in
12 “drafting sessions.” During these sessions, understandings were reached as to: (i)
13 the strategy to best accomplish the SPO; (ii) the terms of the SPO, including the
14 price at which Sable Offshore securities would be sold; (iii) the language to be used
15 in the Prospectus; what disclosures about Sable Offshore would be made in the
16 Prospectus; and (iv) what responses would be made to the SEC in connection with
17 its review of the Prospectus. As a result of those constant contacts and
18 communications between the Underwriter Defendants’ representatives and Sable
19 Offshore’s management and top executives, the Underwriter Defendants knew of,
20 or in the exercise of reasonable care should have known of, Sable Offshore’s
21 existing problems as detailed herein.
22
23
24
25
26
27
28

1 (e) The Underwriter Defendants caused the Prospectus to be filed with
2 the SEC and declared effective in connection with the offers and sales of securities
3 registered thereby, including those to Plaintiff and the other members of the Class.
4

5 29. Sable Offshore, the Individual Defendants, and the Underwriter
6 Defendants, are collectively referred to as “Defendants.”
7

8 **SUBSTANTIVE ALLEGATIONS**

9 **Materially False and Misleading Statements Issued During the Class Period**

10 30. On May 19, 2025, before the market opened, the Company issued a
11 press release entitled “Sable Offshore Corp. Reports Restart of Oil Production at
12 the Santa Ynez Unit and Anticipated Oil Sales from the Las Flores Pipeline System
13 in June 2025.” (the “May 19 Press Release”).
14

15 31. The May 19 Press Release stated the following, in pertinent part:
16

17 *[Sable Offshore] today announced that as of May 15, 2025, it has restarted*
18 *production at the Santa Ynez Unit (“SYU”) and has begun flowing oil*
19 *production to Las Flores Canyon (“LFC”).* Additionally, with the
20 completion of the Gaviota State Park anomaly repairs on the Las Flores
21 Pipeline System (the “Onshore Pipeline”) on May 18, 2025, Sable has now
22 completed its anomaly repair program on the Onshore Pipeline as specified
23 by the Consent Decree, the governing document for the restart and
24 operations of the Onshore Pipeline.
25
26
27
28

1 Seven of the eight sections of the Onshore Pipeline have been successfully
2 hydrotested. Sable will complete the final hydrotest in order to meet the final
3 operational condition to restart the Onshore Pipeline as outlined in the
4 Consent Decree. Sable expects to fill the ~540,000 barrels of crude oil
5 storage capacity at LFC by the middle of June 2025 and subsequently
6 recommence oil sales in July 2025.
7
8

9 32. The May 19 Press Release further stated:
10

11 On May 15, 2025, Sable initiated the flow of oil production from six wells
12 on Platform Harmony of the SYU to LFC at a rate of ~6,000 barrels of oil
13 per day.
14

15 33. The May 19 Press Release quoted Defendant Flores as stating the
16 following:
17

18 ***[Sable Offshore] is proud to have safely and responsibly achieved first***
19 ***production at the Santa Ynez Unit[.]*** The impressive well tests from
20 Platform Harmony confirm the prolific nature of the Santa Ynez Unit
21 reservoir after being dormant for ten years. ***SOC is excited about our***
22 ***development plan and prospects for the future.*** This milestone achievement
23 is a result of a tremendous amount of effort from all of Sable's employees,
24 contractors, Board of Directors, stakeholders, and suppliers. We are very
25 grateful for the cooperation and partnership from our local community and
26
27
28

1 regulatory bodies as we seek to provide energy security to the State of
2 California.

3
4 34. After the release of the May 19 Press Release, Sable Offshore stock
5 climbed from a closing price of \$28.86 per share on May 16, 2025 to \$33.02 per
6 share on May 19, 2025, a 14.4% climb in share price.

7
8 35. The statements in ¶¶ 31-33 were materially false and misleading at
9 the time they were made because, contrary to Defendants' representations, Sable
10 Offshore had not resumed commercial production off the coast of California.

11
12 36. Defendants then used the share price appreciation following the May
13 19 Press Release to conduct a secondary public offering (or "SPO") at a higher
14 offering price per share than would have otherwise been possible.

15
16 37. On April 22, 2025, Sable Offshore Corp. filed with the SEC a
17 Registration Statement on Form S-3 (the "Registration Statement"), which was
18 signed by Defendants Flores and Patrinely. The Registration Statement noted that
19 the Company might occasionally offer securities (including common or preferred
20 stock, debt securities, warrants, and units) to the investing public, stating the
21 following:
22

23
24 We may offer and sell up to \$1,500,000,000 in the aggregate of the securities
25 *identified above from time to time in one or more offerings*. This prospectus
26 provides you with a general description of the securities.
27
28

1 *Each time we offer and sell securities, we will provide a supplement to this*
2 *prospectus that contains specific information about the offering and the*
3 *amounts, prices and terms of the securities.* The supplement may also add,
4 update or change information contained in this prospectus with respect to
5 that offering. You should carefully read this prospectus and the applicable
6 prospectus supplement before you invest in any of our securities.
7

8
9 38. On May 1, 2025, the SEC declared the Registration Statement
10 effective.
11

12 39. On May 21, 2025, Sable Offshore announced that it would conduct a
13 secondary public offering.
14

15 40. On May 22, 2025, Sable Offshore filed with the SEC a prospectus on
16 Form 424B5 (the “Prospectus”), specifying that the Company was offering
17 8,695,654 shares of common stock at \$29.50 per share, higher than the last closing
18 price before the May 19 press release.
19

20 41. The Prospectus was negligently prepared and, as a result, contained
21 untrue statements of material facts or omitted to state other facts necessary to make
22 the statements made not misleading, and was not prepared in accordance with the
23 rules and regulations governing its preparation.
24

25 42. The Prospectus contained the following statement in the “Recent
26 Evens” section:
27
28

1 ***On May 15, 2025, Sable initiated oil production from six wells on Platform***
2 ***Harmony at SYU and began flowing oil production to Las Flores Canyon***
3 ***(“LFC”) at an initial rate of approximately 6,000 barrels of oil per day.***

4
5 Sable has tested approximately 30% of the 32 producing wells on Platform
6 Harmony with the remaining Harmony Platform wells to be tested over the
7 course of the next several days. ***Sable expects to initiate production from***
8 ***the additional 44 wells on Platform Heritage and the additional 26 wells***
9 ***on Platform Hondo in July 2025 and August 2025, respectively.*** The initial
10 production rates as our wells are brought back into production have been
11 higher than the rate of sustained production at such wells, but are expected
12 to decline from initial highs, as production rates from wells typically decline
13 over time. See “Risk Factors—Risks Associated with our Operations.”

14
15
16
17 On May 18, 2025, Sable completed anomaly repairs on Line 324 (formerly
18 known as Line 901), which extends from the Las Flores Station on the
19 California coast to the Gaviota Pump Station in Santa Barbara County,
20 California, and Line 325 (formerly known as Line 903), which extends from
21 the Gaviota Pump Station to Pentland Station in Kern County, California,
22 the point of sale. With the completion of such repairs, Sable has now
23 completed its anomaly repair program on the Onshore Pipeline as specified
24 by a Consent Decree that Plains entered into with various governmental
25
26
27
28

1 agencies in 2020 (the “*Consent Decree*”), the governing document for the
2 restart of the Onshore Pipeline.

3 43. The statement in ¶ 42 was materially false and misleading at the time
4 it was made because Sable Offshore had not started production at the Santa Ynez
5 Unit.
6

7 44. The statements contained in ¶¶ 31-33, 42 were materially false and/or
8 misleading because they misrepresented and failed to disclose the following
9 adverse facts pertaining to the Company’s business, operations and prospects,
10 which were known to Defendants or recklessly disregarded by them. Specifically,
11 Defendants made false and/or misleading statements and/or failed to disclose that:
12 (1) Defendants represented that Sable Offshore Corp. had restarted oil production
13 off the coast of California when it had not; and (2) as a result, Defendants’
14 statements about its business, operations, and prospects were materially false and
15 misleading and/or lacked a reasonable basis at all times.
16
17
18
19

20 **THE TRUTH BEGINS TO EMERGE**

21 45. On May 23, 2025, Eleni Kounalakis, the Lieutenant Governor of
22 California and chair of the California State Lands Commission wrote a letter (the
23 “May 23 Letter”) to Sable Offshore’s Vice President of Environmental &
24 Government Affairs, Steve Rusch.
25
26
27
28

1 46. Upon information and belief, the May 23 Letter was not published on
2 the internet for the general public to view until May 28, 2025.

3 47. The May 23 Letter stated the following, in part:
4

5 I am writing to express my serious concerns regarding Sable Offshore
6 Corp.'s [May 19 Press Release, as discussed above], which you sent to
7 Commission staff on the same day. *The press release appears to*
8 *mischaracterize the nature of recent activities, causing significant public*
9 *confusion and raising questions regarding Sable's intentions.*

10 *Your press release also implies that Sable has restarted operations at the*
11 *Santa Ynez Unit (SYU). However, Commission staff has informed me that*
12 *the limited volume oil flows are the result of well-testing procedures*
13 *required by the Bureau of Safety and Environmental Enforcement prior*
14 *to restart. These activities do not constitute a resumption of commercial*
15 *production or a full restart of the SYU. Characterizing testing activities as a*
16 *restart of operations is not only misleading but also highly inappropriate –*
17 *particularly given that Sable has not obtained the necessary regulatory*
18 *approvals to fully resume operations at SYU.*

19 I am also concerned that as Exxon's designated operator, Sable was required
20 to communicate with Commission staff before initiating any oil flow
21 through the offshore pipeline, even in this limited capacity. *Sable's failure*
22
23
24
25
26
27
28

1 *to clearly and timely communicate these activities to the Commission*
2 *undermines trust of Sable's motives, demonstrates a lack of understanding*
3 *of the significant concerns held by many regarding the resumption of*
4 *activities, and raises serious questions about Sable's willingness to be a*
5 transparent operator.
6

7
8 Commission staff's letter dated May 9, 2025, *made clear that failure to*
9 *comply with applicable regulatory requirements or to resolve any*
10 *outstanding regulatory issues could constitute a breach of the*
11 *Commission's leases.* Any attempt to restart commercial operations at the
12 SYU without final regulatory approvals *may place the company in violation*
13 *of its lease terms and jeopardize the status of Sable's holdover lease.*
14

15
16 As Chair of the State Lands Commission, it is my expectation that Sable will
17 resolve all pending legal challenges and litigation with other state agencies
18 prior to the full restart of operations. *The willful disregard for the directives*
19 *of regulatory agencies does not engender trust or confidence in Sable's*
20 *willingness to serve as a responsible partner, and could weigh significantly*
21 *into considerations on the future assignment of the SYU leases from*
22 *Exxon to Sable.*
23
24

25
26 48. On May 28, 2025, during market hours, KEYT, a local news
27 organization in Santa Barbara, California (a subsidiary of News-Press & Gazette
28

1 Company), published an article entitled “Santa Barbara County Judge issues
2 preliminary injunction against Sable Offshore as the company announces
3 completion of pipeline tests.” The article stated the following, demonstrating that
4 Sable Offshore’s claim to have restarted production in California was false:
5

6 Sable Offshore announced that it has completed all required hydrotesting of
7 onshore pipelines necessary to transport oil across Santa Barbara County,
8 *but the Houston-based company suffered a setback regarding repair work*
9 *on along the coast in court Wednesday.*
10

11 The announcement of pipeline work comes as representatives of Sable
12 Offshore and the California Coastal Commission met Wednesday about the
13 pending litigation between the two entities.
14

15
16 * * *

17 Wednesday morning, Santa Barbara County *Judge Thomas Anderle*
18 *granted a preliminary injunction requested by the California Coastal*
19 *Commission against Sable Offshore for alleged violations of The*
20 *California Coastal Act.*
21

22 The injunction *could impact Sable's ability to do future repairs or*
23 *maintenance until its legal battle with the state regulator is settled.*
24
25
26
27
28

1 Linda Krop with the Environmental Defense Center *questioned Sable's*
2 *assertions that it has completed all necessary repairs in an interview*
3 *Wednesday with Your News Channel.*

4
5 She shared that this is *the first time a judge has ruled that Sable Offshore*
6 *is violating the law instead of state regulators and environmental groups.*

7
8 Krop, whose organization opposes restarting oil production and has been
9 involved in multiple lawsuits related to the project, *says Sable's attorney*
10 *told the judge that granting the injunction would harm the company.*

11
12 "If Sable really has completed all the repairs, they would be fine with this
13 injunction," argued Krop. "The injunction only applies to repairs on the
14 pipeline. So why does Sable care about this injunction if it's really completed
15 the repairs?"

16
17 * * *

18
19 A California Coastal Commission spokesperson sent a statement in response
20 to Your News Channel's inquiries stating, "*Sable has consistently ignored*
21 *California law, as confirmed by the court's decision today [Wednesday] to*
22 *halt work on this aging oil pipeline in Santa Barbara. This fly-by-night oil*
23 *company has repeatedly abused the public's trust, racking up millions of*
24 *dollars in fines and causing environmental damage along the treasured*
25 *Gaviota Coast.*"

1 49. On May 28, 2025, during market hours, Investing.com published an
2 article entitled “Sable Offshore Corp stock sinks following court injunction.” It
3 stated the following:
4

5 Shares of Sable Offshore Corp (NYSE:SOC) tumbled 14% after the
6 ***California Coastal Commission was granted a preliminary injunction***
7 ***against the company’s pipeline repair and maintenance activities within***
8 ***the coastal zone in unincorporated Santa Barbara County.*** The court’s
9 decision, which aligns with the Coastal Act’s ***strict regulations on coastal***
10 ***development, has raised concerns about potential project delays and***
11 ***additional costs for Sable Offshore.***

12 ***The legal proceedings stem from allegations that Sable Offshore Corp did***

18 ***violation of the Coastal Act.***

19 The injunction ***stops Sable from continuing any development*** associated
20 with the return to service of the Las Flores Pipelines CA-324 and CA-325
21 unless they secure a new, operative CDP or other form of Coastal Act
22
23
24
25
26
27
28

1 authorization. The company had resumed repair and maintenance activities
2 earlier in February 2025, following confirmation from the County that the
3 activities were authorized under existing permits.
4

5 The court's ruling highlights the ongoing tension between regulatory
6 compliance and operational progress within the energy sector. Sable
7 Offshore Corp's stock movement reflects investor concerns over the
8 potential impact of regulatory hurdles on the company's ability to complete
9 essential maintenance work and resume operations.
10

11
12 50. On this news, the price of Sable Offshore common stock fell by \$5.04
13 per share, or 15.3%, to close at \$27.89 per share on May 28, 2025.
14

15 51. On June 4, 2025, before the market opened, Sable Offshore filed a
16 current report on Form 8-K with the SEC. It stated, in pertinent part, the following:

17 On June 3, 2025, a Santa Barbara County Superior Court Judge granted *ex*
18 *parte* requests from plaintiffs in *Center for Biological Diversity, et al. v.*
19 *California Department of Forestry and Fire Protection, et al.* (25CV02244)
20 and *Environmental Defense Center, et al. v. California Department of*
21 *Forestry and Fire Protection, et al.* (25CV02247) **for temporary restraining**
22 **orders prohibiting Sable Offshore Corp. ("Sable") from restarting**
23 **transportation of oil through the Las Flores Pipeline System pending the**
24 **hearing on an order to show cause** regarding a preliminary injunction
25
26
27
28

1 scheduled for July 18, 2025. *Sable is exploring all possible avenues*
2 *available to address these preliminary rulings.* Sable is now targeting
3 August 1, 2025 for first sales due to this delay.
4

5 52. On this news, the price of Sable Offshore stock fell by \$0.94 per share,
6 or 3.91%, to close at \$23.10 on June 4, 2025.
7

8 53. As of the date of the filing of this Complaint, Sable stock was trading
9 below the SPO price.

10 54. As a result of Defendants' wrongful acts and omissions, and the
11 precipitous decline in the market value of the Company's common shares, Plaintiff
12 and other Class members have suffered significant losses and damages.
13

14 **PLAINTIFF'S CLASS ACTION ALLEGATIONS**

15
16 55. Plaintiff brings this action as a class action pursuant to Federal Rule
17 of Civil Procedure 23(a) and (b)(3) on behalf of a class consisting of all persons
18 other than defendants who acquired the Company's securities publicly traded on
19 NYSE during the Class Period, and who were damaged thereby (the "Class"), as
20 well as those who purchased the Company's securities pursuant and/or traceable
21 to the Prospectus. Excluded from the Class are Defendants, the officers and
22 directors of the Company, members of the Individual Defendants' immediate
23 families and their legal representatives, heirs, successors or assigns and any entity
24 in which Defendants have or had a controlling interest.
25
26
27
28

1 56. The members of the Class are so numerous that joinder of all members
2 is impracticable. Throughout the Class Period, the Company's securities were
3 actively traded on NYSE. While the exact number of Class members is unknown
4 to Plaintiff at this time and can be ascertained only through appropriate discovery,
5 Plaintiff believes that there are hundreds, if not thousands of members in the
6 proposed Class.
7

8
9 57. Plaintiff's claims are typical of the claims of the members of the Class
10 as all members of the Class are similarly affected by Defendants' wrongful conduct
11 in violation of federal law that is complained of herein.
12

13 58. Plaintiff will fairly and adequately protect the interests of the
14 members of the Class and has retained counsel competent and experienced in class
15 and securities litigation. Plaintiff has no interests antagonistic to or in conflict with
16 those of the Class.
17

18 59. Common questions of law and fact exist as to all members of the Class
19 and predominate over any questions solely affecting individual members of the
20 Class. Among the questions of law and fact common to the Class are:
21

- 22 • whether the Exchange Act was violated by Defendants' acts as alleged
23 herein;
24

- 1 • whether statements made by Defendants to the investing public during
2 the Class Period misrepresented material facts about the business and
3 financial condition of the Company;
- 4
- 5 • whether Defendants' public statements to the investing public during
6 the Class Period omitted material facts necessary to make the statements
7 made, in light of the circumstances under which they were made, not
8 misleading;
- 9
- 10 • whether the Defendants caused the Company to issue false and
11 misleading filings during the Class Period;
- 12
- 13 • whether Defendants acted knowingly or recklessly in issuing false
14 filings;
- 15
- 16 • whether the prices of the Company securities during the Class Period
17 were artificially inflated because of the Defendants' conduct complained of
18 herein; and
- 19
- 20 • whether the members of the Class have sustained damages and, if so,
21 what is the proper measure of damages.
- 22

23 60. A class action is superior to all other available methods for the fair
24 and efficient adjudication of this controversy since joinder of all members is
25 impracticable. Furthermore, as the damages suffered by individual Class members
26 may be relatively small, the expense and burden of individual litigation make it
27
28

1 impossible for members of the Class to individually redress the wrongs done to
2 them. There will be no difficulty in the management of this action as a class action.

3
4 61. Plaintiff will rely, in part, upon the presumption of reliance
5 established by the fraud-on-the-market doctrine in that:

- 6 • the Company's shares met the requirements for listing, and were listed
7 and actively traded on NYSE, an efficient market;
- 8 • as a public issuer, the Company filed periodic public reports;
- 9 • the Company regularly communicated with public investors via
10 established market communication mechanisms, including through the
11 regular dissemination of press releases via major newswire services and
12 through other wide-ranging public disclosures, such as communications with
13 the financial press and other similar reporting services;
- 14 • the Company's securities were liquid and traded with moderate to
15 heavy volume during the Class Period; and
- 16 • the Company was followed by a number of securities analysts
17 employed by major brokerage firms who wrote reports that were widely
18 distributed and publicly available.

19
20 62. Based on the foregoing, the market for the Company's securities
21 promptly digested current information regarding the Company from all publicly
22 available sources and reflected such information in the prices of the shares, and
23
24
25
26
27
28

1 Plaintiff and the members of the Class are entitled to a presumption of reliance
2 upon the integrity of the market.

3 63. Alternatively, Plaintiff and the members of the Class are entitled to
4 the presumption of reliance established by the Supreme Court in *Affiliated Ute*
5 *Citizens of the State of Utah v. United States*, 406 U.S. 128 (1972), as Defendants
6 omitted material information in their Class Period statements in violation of a duty
7 to disclose such information as detailed above.
8
9

10 **COUNT I**

11 **For Violations of Section 10(b) And Rule 10b-5 Promulgated Thereunder**

12 **Against All Defendants**

13
14 64. Plaintiff repeats and realleges each and every allegation contained
15 above as if fully set forth herein.
16

17 65. This Count is asserted against Defendants is based upon Section 10(b)
18 of the Exchange Act, 15 U.S.C. § 78j(b), and Rule 10b-5 promulgated thereunder
19 by the SEC.
20

21 66. During the Class Period, Defendants, individually and in concert,
22 directly or indirectly, disseminated or approved the false statements specified
23 above, which they knew or deliberately disregarded were misleading in that they
24 contained misrepresentations and failed to disclose material facts necessary in
25
26
27
28

1 order to make the statements made, in light of the circumstances under which they
2 were made, not misleading.

3 67. Defendants violated §10(b) of the 1934 Act and Rule 10b-5 in that
4 they:
5

- 6 • employed devices, schemes and artifices to defraud;
- 7
- 8 • made untrue statements of material facts or omitted to state material
9 facts necessary in order to make the statements made, in light of the
10 circumstances under which they were made, not misleading; or
11
- 12 • engaged in acts, practices and a course of business that operated as a
13 fraud or deceit upon plaintiff and others similarly situated in connection with
14 their purchases of the Company's securities during the Class Period.
15

16 68. Defendants acted with scienter in that they knew that the public
17 documents and statements issued or disseminated in the name of the Company
18 were materially false and misleading; knew that such statements or documents
19 would be issued or disseminated to the investing public; and knowingly and
20 substantially participated, or acquiesced in the issuance or dissemination of such
21 statements or documents as primary violations of the securities laws. These
22 defendants by virtue of their receipt of information reflecting the true facts of the
23 Company, their control over, and/or receipt and/or modification of the Company's
24 allegedly materially misleading statements, and/or their associations with the
25
26
27
28

1 Company which made them privy to confidential proprietary information
2 concerning the Company, participated in the fraudulent scheme alleged herein.

3
4 69. Individual Defendants, who are the senior officers of the Company,
5 had actual knowledge of the material omissions and/or the falsity of the material
6 statements set forth above, and intended to deceive Plaintiff and the other members
7 of the Class, or, in the alternative, acted with reckless disregard for the truth when
8 they failed to ascertain and disclose the true facts in the statements made by them
9 or any other of the Company's personnel to members of the investing public,
10 including Plaintiff and the Class.
11

12
13 70. As a result of the foregoing, the market price of the Company's
14 securities was artificially inflated during the Class Period. In ignorance of the
15 falsity of Defendants' statements, Plaintiff and the other members of the Class
16 relied on the statements described above and/or the integrity of the market price of
17 the Company's securities during the Class Period in purchasing the Company's
18 securities at prices that were artificially inflated as a result of Defendants' false and
19 misleading statements.
20
21

22
23 71. Had Plaintiff and the other members of the Class been aware that the
24 market price of the Company's securities had been artificially and falsely inflated
25 by Defendants' misleading statements and by the material adverse information
26

1 which Defendants did not disclose, they would not have purchased the Company's
2 securities at the artificially inflated prices that they did, or at all.

3
4 72. As a result of the wrongful conduct alleged herein, Plaintiff and other
5 members of the Class have suffered damages in an amount to be established at trial.

6
7 73. By reason of the foregoing, Defendants have violated Section 10(b)
8 of the 1934 Act and Rule 10b-5 promulgated thereunder and are liable to the
9 plaintiff and the other members of the Class for substantial damages which they
10 suffered in connection with their purchase of the Company's securities during the
11 Class Period.
12

13 **COUNT II**

14 **Violations of Section 20(a) of the Exchange Act**

15 **Against the Individual Defendants**

16
17 74. Plaintiff repeats and realleges each and every allegation contained in
18 the foregoing paragraphs as if fully set forth herein.

19
20 75. During the Class Period, the Individual Defendants participated in the
21 operation and management of the Company, and conducted and participated,
22 directly and indirectly, in the conduct of the Company's business affairs. Because
23 of their senior positions, they knew the adverse non-public information about the
24 Company's business practices.
25
26
27
28

1 79. Plaintiff incorporates all the foregoing by reference.

2 80. This Count is brought pursuant to §11 of the Securities Act, 15 U.S.C.
3 §77k, on behalf of the Class, against all Defendants.
4

5 81. The Prospectus contained untrue statements of material facts, omitted
6 to state other facts necessary to make the statements made not misleading, and
7 omitted to state material facts required to be stated therein.
8

9 82. Defendants are strictly liable to Plaintiff and the Class for the
10 misstatements and omissions.
11

12 83. None of the Defendants named herein made a reasonable
13 investigation or possessed reasonable grounds for the belief that the statements
14 contained in the Prospectus were true and without omissions of any material facts
15 and were not misleading.
16

17 84. By reason of the conduct herein alleged, each Defendant violated or
18 controlled a person who violated §11 of the Securities Act.
19

20 85. Plaintiff acquired the Company's securities pursuant to the
21 Prospectus.
22

23 86. At the time of their purchases of Sable Offshore securities, Plaintiff
24 and other members of the Class were without knowledge of the facts concerning
25 the wrongful conduct alleged herein and could not have reasonably discovered
26 those facts prior to the disclosures herein.
27
28

1 (a) declaring this action to be a proper class action, designating Plaintiff
2 as Lead Plaintiff and certifying Plaintiff as a class representative under Rule 23 of
3 the Federal Rules of Civil Procedure and designating Plaintiff's counsel as Lead
4 Counsel;
5

6 (b) awarding damages in favor of Plaintiff and the other Class members
7 against all Defendants, jointly and severally, together with interest thereon;
8

9 (c) awarding Plaintiff and the Class reasonable costs and expenses
10 incurred in this action, including counsel fees and expert fees; and
11

12 (d) awarding Plaintiff and other members of the Class such other and
13 further relief as the Court may deem just and proper.
14

15 **JURY TRIAL DEMANDED**

16 Plaintiff hereby demands a trial by jury.
